Open Data

Urban Innovation Lab

Montréal

Smart Cities Challenge
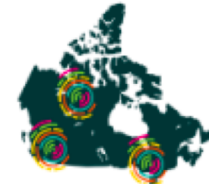

Open and participatory process

- Step 1 - Analysis

- Step 2 - Consultation and Call for Projects

- Step 3 - Co-creation

- Step 4 - Linkage and Development of the Application
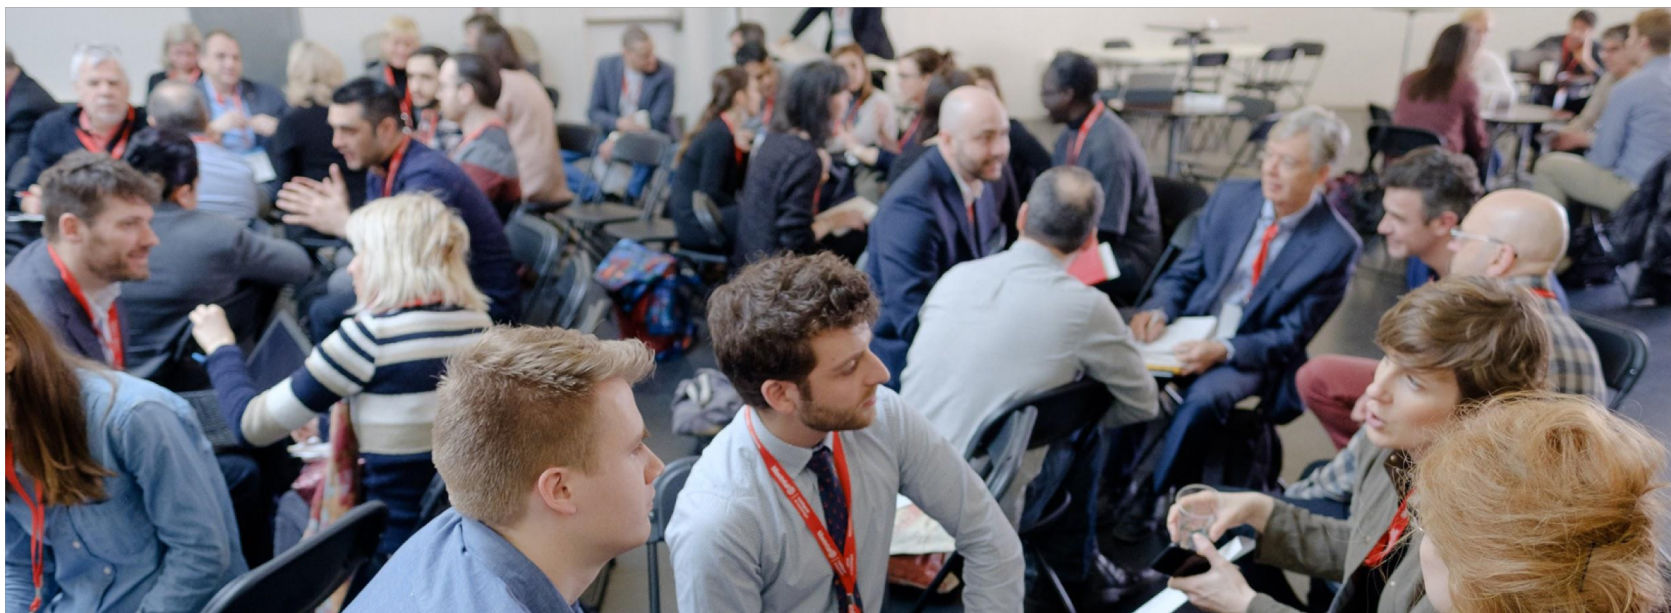

Montréal

Montreal's propososal

"The Montreal community is shaping an efficient and dynamic neighbourhood life by innovating mobility and access to food. Through a co-creation and citizen participation process, the accessibility of services and the well-being of Montrealers are increasing significantly."
